Continental
The Future in Motion

ContiTread™ HDW2 Scandinavia

Good grip, long life: a clever concept

Safety in every sense of the word: the ContiTread HDW2 Scandinavia performs on tough wintery roads and under an even tougher business environment.

Cold retreading performed by Continental: We combine innovative tyre production and retreading technologies to realise the full cost-saving potential of cold retreading without compromising performance.

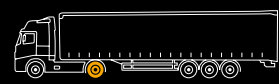

Cold retreading with ContiTread is carried out by selected ContiTread partners to guarantee the highest quality in production and processing.

ContiTread™
HDW2 Scandinavia

M+S

Winter

Key benefits

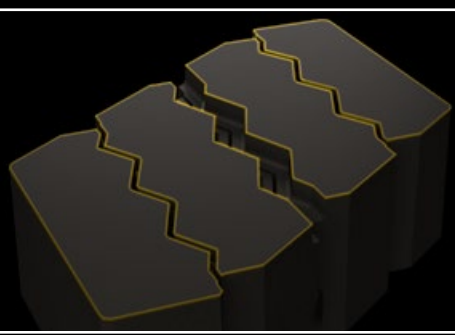

› **Increased tyre pattern rigidity**
reducing deformations and thus lowering rolling resistance

› **Special winter compound**
for optimal grip

› **Wide and open shoulder ribs**
for optimal directional stability

Technical Highlights

Grip edges

Adjusted number and distribution of grip edges and open shoulders for good grip and high durability.

Pattern design

Rib pattern with high number of lateral grooves and sipes for better grip over lifetime (compared to predecessor).

Tyre Size	Tread Depth
275/70 R 22.5	21.0 mm
295/80 R 22.5	21.0 mm
315/70 R 22.5	21.0 mm
315/80 R 22.5	21.0 mm
